

Happy Valentine's Day, my babyyyy. Even though we're long distance, I can't believe I get to celebrate Valentine's Day with a girl I love so much and who loves me so much. It genuinely feels like a dream to have a girl like you in my life.

It sucks that we can't go on a dinner date tonight, but it also feels so surreal that I have a Valentine as pretty as you. There are no words to fully express what I feel for you.

I can only thank you for coming into my life and making me so happy. For gifting me cute and thoughtful things. You're the person who treats me the best. It means so much to have you in my life. The things you do for me never go unnoticed — I always appreciate everything you do for me.

I love you, I value you, I love choosing you, and I want to choose you to be my Valentine for the rest of my life. I fucking love you. ❤️
